Dear Friends,

I wish I could be with you today, but work has me in another part of our district. Thank you to all the folks who came out today to take action to protect our democracy and remind our president that he is no king.

While our president spends $45 million of our taxpayer dollars to send our military to the streets of Washington, D.C., he is working behind the backs of Americans to slash health care for 16 million Americans, take food support from 11 million Americans, and pile another $5 trillion onto our national debt. All of this, just to give tax breaks to his billionaire donors who don't need the help.

In only 5 months, Donald Trump has attacked Social Security, fired thousands of veterans, cut off lifesaving medical research, unlawfully deported legal residents, and unleashed a trade war that is raising prices on families and hurting our economy.

Not to mention he has militarized the streets of Los Angeles in order to sow chaos among peaceful protestors and scare immigrants.

His reckless policies are having real life and death consequences for Americans, and we won't let him get away with it. I will keep fighting the President's dangerous agenda on every front: in the Congress, in the Courts, and in the court of public opinion. But I can't do it alone, everyone needs to keep raising their voices.

Thank you again for coming out to make your voice heard and stand up for what is right. We need to keep this up. I'll be with you every step of the way.

Sincerely,

MIKE THOMPSON
Member of Congress
